Prepare to Work Safely in the Construction Industry (White Card)

CPCCWHS1001	Prepare to work safely in the construction industry
-------------	---

Description

WHS General Induction for Construction is also known as **White Card** training, Current Work Health & Safety (WHS) Legislation requires all employees that either work in the Construction Industry or enter any building or construction site, to be trained in WHS in the workplace. Upon successful completion of the course you will be issued with a SafeWork NSW Statement of Training which allows you to work in the Construction Industry immediately.

Enrolment

Participants will be required to complete a booking form prior to training. On this form participants can indicate whether they require further assistance due to any LLN issues. This is most important so that the trainer/assessor can implement any processes prior to the day's training.

Delivery and Assessment Method

Theory assessment – multiple choice/short answer questions

Practical assessment – work activities performed throughout the elements of the unit in group discussions and workplace scenarios. These activities provide the evidence needed by the trainer to grant each participant competency in the required elements.

Learning Outcomes

- Identify health and safety legislative requirements of construction work.
- Identify construction hazards and risk control measures.
- Identify health and safety communication and reporting processes.
- Identify incident and emergency response procedures

Pre-requisite

All participants will require a Unique Student Identifier Number (USI) prior to enrolment. If you need to obtain a USI please go to - <https://www.usi.gov.au/students/create-your-usi>

It is the Learners' responsibility to disclose and make TMT aware of any information pertaining to their individual learning requirements including LLN levels so as reasonable adjustments can be made.

Course duration

1 day 6 hours face to face excluding breaks

Number of participants

Maximum 20
